

## RED RIVER ALE ABV 4.8 %

Our Premium Bitter beer is an “all malt brew”, formulated from a blend of best quality malts namely: - **Pale Ale Malt** (derived from Marris Otter Barley), **Crystal Malt** (to give colour and body), **Chocolate Malt** (to give colour and a slight hint of smokiness to the aroma) and finally one other specialist malt.

Hops form an important constituent of the flavour and we blend a variety of three of the finest East Kent whole hops (as opposed to pellets or extract that many brewers use these days) to achieve a balance of Bitterness and Aroma.

Signed
